

Micro Coil Clean®

Biodegradable Coil Cleaner
Cleans and Protects Coils

DESCRIPTION

Dirty coils or coils damaged by harsh cleaners cause many HVAC/R systems to fail. BBJ Micro Coil Clean is designed with special engineered surfactants to avoid harsh acidic and caustic chemicals, safely cleaning coils in HVAC, refrigeration and other units.

BBJ Micro Coil Clean is a biodegradable coil cleaning solution that is mild for the user and harmless to expensive HVAC/R equipment and the environment. It will remove built-up dirt and grime from coils resulting in improved system efficiency, reduced power consumption, and increased system life. It effectively cleans and deodorizes evaporator coils, heating coils, condenser coils, window units, air filters, blowers, and other dirty HVAC/R components. BBJ Micro Coil Clean is safe for all metals, including aluminum. Its special detergent-based formula contains no solvents, no phosphates, or releases no VOCs. It is so friendly you can even wash your hands in it.

*Concentrate available in
0.5 gallon, 5 gallon and 55 gallon containers.*

FEATURES

- Self-cleaning power that cleans and deodorizes
- Will not burn skin or stain or bleach materials or fabrics
- No need to evacuate premises during application
- Safe for all metals – will not etch, pit or corrode coils
- Safe disposal, no toxic runoff
- Biodegradable (Test Method 405.1)

*A 5 gallon container of
BBJ Micro Coil Clean
makes 100 gallons of
ready-to-use product.*

SPECIFICATIONS

pH:	11.3-12.5
Appearance:	Clear to Cloudy Liquid
Odor:	Mild
Uses:	For safely and effectively cleaning HVAC and refrigeration coils including condenser and evaporator coils.

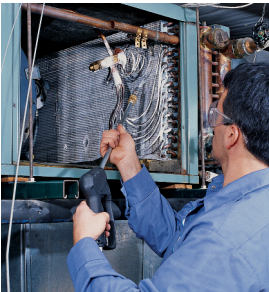

PACKAGING

Description	Part #
55 gal Drum	555-000
5 gal Bucket	550-000
1 gal Bottle	510-000

ACTIVE INGREDIENTS

Water	Sodium metasilicate
EDTA	Glycolic acid
Alcohol ethoxylate	Nonionic surfactant

APPLICATIONS

COIL AND HVAC CLEANING
Biodegradable coil cleaner for evaporator coils and condenser coils in HVAC and refrigeration maintenance. Safe for all metals.

SAFETY DATA: Keep out of reach of children. Refer to directions for specific instructions on use and safety precautions. Before using product carefully read label information and Material Data Safety Sheet.

RELATED PRODUCTS:

- **BBJ MMR II
MOLD & MILDEW REMOVER**

Combines a disinfectant and a cleaning agent to remove harmful mold and mildew. Use on surfaces such as HVAC vents, grilles, and other hard surfaces where microbial contamination may accumulate.

- **BBJ MOLD CONTROL
FOR FLOORS & WALLS**

An antimicrobial treatment that controls and inhibits the growth of microorganisms – such as gram positive and gram negative bacteria, and mold – on floors and walls.

- **BBJ MOLD CONTROL
FOR HVAC SYSTEMS &
AIR DUCTS**

Controls and inhibits the growth of microorganisms – such as gram positive and gram negative bacteria, and mold – that form a biofilm on cooling coils and other working parts of HVAC systems and Air Ducts.

- **BBJ FRESHDUCT**

Encapsulates and destroys odors on contact. Safe for use around chemically sensitive individuals. Comes ready-to-use, or as an economical concentrate. Dilute concentrate to 3 oz per gallon.
