

Maintain C-1®

Inhibits the Growth of Microorganisms in Floors and Walls

DESCRIPTION

BBJ Maintain C-1 for Floors and Walls controls and inhibits the growth of microorganisms – such as gram positive and gram negative bacteria, algae, and mold – on Floors and Surfaces.

Maintain C-1 for Floors and Walls is specially formulated to control the growth of microorganisms on floors and walls and inhibit the re-growth of microbes for months. It controls contaminants that often cause poor Indoor Air Quality (IAQ) and damp, musty odors generally caused by excessive moisture, high levels of humidity, and flood and water damage. When used as directed Maintain C-1 for Floors and Walls effectively controls re-growth of these organisms.

Concentrate available in 15 ounce and 5 gallon containers.

FEATURES

- EPA registered
- Registered for use while building is inhabited
- Controls and inhibits the growth of mold and mildew at the source
- Virtually eliminates musty odors and “dirty sock syndrome”
- Concentrated formula makes gallons of ready-to-use product

A 15 ounce container of BBJ Maintain C-1 makes 7.5 gallons of ready-to-use product.

SPECIFICATIONS

EPA Reg. No.:	67212-2
pH:	2.5-4.5
Appearance:	Clear Liquid
Odor:	Mild
Uses:	For controlling and inhibiting the growth of black mold, mildew and other biological agents

PACKAGING

Maintain C-1 for Floors and Walls	Part #
15 oz Concentrated Bottle	483-12
5 gal Concentrated Bucket	482-01

ACTIVE INGREDIENTS

Water	Bronopol
Glycol ether	Citric acid

APPLICATIONS

FLOORS AND WALLS

Use Maintain C-1 on floors, walls and other surfaces to control mold and mildew growth and odors that cause unsuitable living conditions.

SAFETY DATA: Keep out of reach of children. Refer to directions for specific instructions on use and safety precautions. Before using product carefully read label information and Material Data Safety Sheet.

RELATED PRODUCTS:

- **BBJ MMR II MOLD & MILDEW REMOVER**

Combines a disinfectant and a cleaning agent to remove harmful mold and mildew. Use on surfaces such as HVAC vents, grilles, and other hard surfaces where microbial contamination may accumulate.

- **BBJ MICRO COIL CLEAN**

Safe and concentrated, non-caustic, non-corrosive biodegradable coil cleaner. Safe for use on both evaporator and condenser coils. Designed to be used with systems treated with BBJ Maintain C-1. Dilute 10 to 1.

- **BBJ FRESHDUCT**

Encapsulates and destroys odors on contact. Safe for use around chemically sensitive individuals. Comes ready-to-use, or as an economical concentrate. Dilute concentrate to 3 oz per gallon.

- **POWER COIL CLEAN**

Non-caustic, pH neutral, non-corrosive heavy duty coil cleaner that safely cleans and deodorizes HVAC coils and other dirty HVAC/R components without damaging metal surfaces like coils or fins.
